Ready to Use Liquid One Step Disinfectant Cleaner & Deodorizer formulated with **AHP**[®] Patented

Rescue[™] Ready to Use Disinfectants clean by removing tough soils such as dirt, grime, mold, mildew, blood, urine, and fecal matter. Rescue[™] Ready to Use Disinfectants reduce odor-causing bacteria leaving surfaces smelling clean and fresh. Its non-abrasive formula is designed for use on hard, nonporous surfaces associated with non-food contact countertops, cages, kennels and animal equipment and devices found in animal housing facilities.

Faster Superior speed of disinfection, proven to deliver superior kill performance against a broad-spectrum of organisms within 30 seconds to 1 minute.

Cleaner One-Step Disinfectant with powerful surfactants (detergents) simplifying sanitation of animal environments saving time and money.

Responsible Designed to be easier on surfaces, people and animals. Users are not exposed to VOC's (volatile organic compounds) and does not require any use of PPE.

Sustainable Hydrogen peroxide breaks down into water and oxygen reducing environmental impact and improving the environment for animals and the people who care for them.

Compatible Designed to be compatible with a wide range of materials, protecting your assets.
